

Precursillo Report for 2019-2020

September 2020

20 applications were received for the 2019 Women's weekend, Nov. 23-25. One was withdrawn. Applications were received from Sept 25 to Nov 21. Only 1 was less than one week before.

Four applications were received for postponed 2020 Men's weekend.

Prompted by heightened awareness of privacy in media and some questions from applicants I am working with Colleen and Wendy to revise the application form. We informed CACS and received some guidance: the form content is not strictly controlled, support and trust sponsors so that less needs to be recorded. More guidance is anticipated.

Utreya,

Andrew Gibb
Precursillo Coordinator
