

## Director's Report

In a year of delay associated with coronavirus I am late in submitting this report! Should that be a surprise? For many, we have accepted the inevitable delays associated with life. My excuse is that I went camping with my grandchildren. My hope and prayer that you too have found ways to find meaning in a life full of delays.

Our Cursillo community has not been immune from society. We have been fortunate to have participated in two wonderful weekends this past year. Preparations have been put in place for future weekends. Two wonderful individuals have said yes to the offer to lead the next weekends and teams have begun to be formed. The health of the entire community has dictated that everything be put on hold until we can again meet in confidence of protecting each other's wellbeing.

The same can be said for all our Ultreyas. I am certain that you will agree with me that our get togethers would not be the same without communion, without music and without hugging and handshakes! As soon as we are advised that we can again get back to "normal" we will again organize new events.

My hope is that many of you will have found ways to continue to maintain contact with your small group. My small group has continued to meet at first via Zoom and more recently in person respecting personal distancing. The absence of normal contacts makes these events an even greater blessing.

It has been my great pleasure to be associated with a wonderful group of individuals who are your Secretariat! I am grateful to each and every one for their dedication and service. Given the uniqueness of the times each has been asked if they would be prepared to continue to serve for another year. This, of course is subject to you, the community accepting this proposal. You will be asked for your affirmation at the annual meeting.

Blessings to all

David McCreery

Lay Director
