

In 2022, Cursillo weekends were held with increasing frequency, especially in the United States and South America. On behalf of the Ottawa Anglican Cursillo Movement, I sent Palanca indicators to the team and candidates for over one hundred weekends in Brazil, Argentina, Spain, Portugal, the United States, Mexico, Hungary, Italy and South Korea. Thanks to the contributions of our OACM community (and Google translate), I included the Spanish, Portuguese, Italian, Hungarian or Korean translations of the message of our love and prayer support. In our own community, I have sent messages of prayer support and well wishes to members of the Secretariat. Thank you for the opportunity to serve in this capacity. As so often the case, service is itself a blessing!

Your sister-in-Christ,  
Karen Daley
