

# Post Cursillo Coordination Report 2023

It has been a privilege to continue in my role as Post Cursillo Coordinator for the year of 2022-2023. In September 2022, we had a virtual AGM along with a November and January virtual Ultreya. Our May gathering was a hybrid Ultreya which was held at St. Helens, Orleans at 7pm! We are excited to be able to share our worship together in Community and On Line. The summer gatherings in the park have been blessed with wonderful weather where families can come and share a picnic and enjoy the service. One of our roles that Secretariat has been trying to do is update our membership list. If Parishes could assist us by confirming numbers of active Cursillistas, we will be contacting each Parish with in the next year. The role of the Parish Rep is an essential position that is required to keep the membership engaged in the Servant Community involvement within the Parish. We will be continuing in a hybrid model with virtual Ultreyas during the winter months and in person Ultreyas during the warmer weather and at Andrew Haydon Park in the summer.

This is my last year in this role as Post Cursillo Coordinator and I want to thank the Secretariat for all their love and support in the past 3 years!

Respectfully submitted,

Marni Crossley, Post Cursillo Coordinator
